

VINITRELL

AGRI & FOOD
Foodstuff transfer

Applications

Specially designed for wine transfers in wine processing industries.
Suction and discharge of any foodstuff except fatty/oily liquids.

Advantages

- n The utmost user friendly rubber hose: outstanding flexibility and easy handling thanks to slicking cover, weak tractive effort.
- n Food grade white tube complying with the most stringent European and American requirements for foodstuff handling.
- n Unaffected by changes in temperature.
- n Resistant to detergents or cleaning with steam (110 °C during 10 minutes max).
- n Non-marking cover.
- n Contains no phthalate.

Technical description

Inner tube: food grade quality NR, white, smooth.
Reinforcement: synthetic textile with embedded steel helix.
Cover: special polymer-based, red.
Temperature range: - 30 °C to + 80 °C.

Standard/Approval:

EU regulations n° 1935/2004 and 2023/2006.

FDA regulation 21 CFR 177.2600.

French legislation:

All relevant migrations tests (France and FDA) were performed and confirmed compliant by the French institute of Poitiers (IANESCO).

Couplings/Fittings

Specially designed fittings are available, please contact us for further information in order to get optimum connections.
